RE: 5761

In order to continue with the approval process for RR-5761, please provide the following:

1. Brief description for the seismic shut off valves. The description should specify material and explanation of how the devices work.
2. For each model, provide product literature and specifications identifying the equivalent length for various gas service pipe sizes or the equivalent length of pipe for the same nominal size as the SGSOV.

You can contact me at 213-202-9902 shall you have any questions,

Cristina Acevedo-Leija
